

Safety and Health on the Job

Occupational Safety and Health

Kentucky Revised Statute (KRS) Chapter 338 establishes a program for protecting occupational safety and health. This notice details the safety and health protections for public and private sector employees working in the Commonwealth of Kentucky and must be prominently displayed in the workplace.

Employer Responsibilities: Employers shall furnish employment and places of employment which are free from recognized hazards that are causing, or are likely to cause, death or serious physical harm to employees; and comply with the occupational safety and health regulations, standards, and rules issued pursuant to KRS 338. Employers must provide information and training on hazards in the workplace including all hazardous substances. Required training must be provided to all employees in a language and vocabulary they understand. It is illegal to retaliate against an employee for exercising any of their rights under the law, including raising a safety and health concern or reporting a work-related injury or illness.

Employee Responsibilities: Employees shall comply with the occupational safety and health regulations, standards, and rules issued pursuant to KRS 338 which are applicable to their own actions and conduct.

Records: Employees may request from their employer copies of their medical records, tests that measure hazards in the workplace, as well as the injury and illness log.

Standards: Executive Order 2018-586, issued by Governor Matthew G. Bevin and effective July 16, 2018, abolishes the Occupational Safety and Health Standards Board. The Board adopted and promulgated occupational safety and health rules, regulations, and standards. All duties of the Board transfer to the Office of the Secretary, Kentucky Labor Cabinet.

Inspections: The Division of Occupational Safety and Health Compliance conducts workplace inspections to determine the cause or prevent the occurrence of occupational injuries and illnesses. During an inspection a representative of the employer and a representative authorized by the employees are given an opportunity to accompany the Compliance Officer for the purpose of aiding the inspection. Where there is no authorized employee representative, the Compliance Officer must consult with a reasonable number of employees regarding safety and health at the workplace.

Complaints: Employees or their authorized representative have the right to file a complaint with the Division of Occupational Safety and Health Compliance requesting an inspection if they believe a hazardous condition(s) exists in their workplace. The name of the complainant will be kept confidential upon request.

Discrimination Protections: Employees are protected against discharge and other discriminatory actions for having filed complaints and exercising any other right provided by the occupational safety and health laws. Employees who feel they have been so discriminated against may file a complaint with the Kentucky Labor Cabinet within 120 days of the alleged discrimination. Private sector employees also have the option of filing discrimination complaints with the U.S. Department of Labor within 30 days of the alleged discrimination. Complaint forms are available at www.labor.ky.gov.

Citations: A citation(s) alleging violation of a Kentucky occupational safety and health law(s) or regulation(s) may be issued to an employer following an inspection. The citation(s) is mailed to the employer and specifies an abatement date by which the alleged violation must be corrected. To inform employees, the employer must post each citation at or near the location of the alleged violation for three (3) days or until the violation is corrected, whichever is longer.

Proposed Penalties: An employer may be assessed a penalty up to \$7,000 for each serious violation and up to \$7,000 for each other-than-serious violation. Failure to correct a violation within the specified time period may result in penalties up to \$7,000 per day. An employer who commits a willful or repeat violation(s) may be assessed a penalty up to \$70,000 for each violation and not less than \$5,000 for each willful violation.

Contesting Procedures: An employer who has been cited may contest the action before the Kentucky Occupational Safety and Health Review Commission. Equally, any employee or employee representative of an employer who has been cited may also contest the action. Any party wishing to contest a citation(s) must notify the Division of Occupational Safety and Health Compliance in writing of its intent to do so. Notices of contest must be postmarked within 15 working days of receipt by the employer of the citation(s). Notices of contest will be transmitted to the Review Commission in accordance with its rules.

Recordkeeping: Employers are required to maintain records of occupational fatalities, injuries, and illnesses experienced by their employees. Records must be kept using OSHA 300, 300-A, 301, or equivalent forms. Unless requested to do so by the U.S. Bureau of Labor Statistics, employers with 10 or fewer employees, or whose establishment(s) fall within an exempted North American Industry Classification System code are exempt from recordkeeping requirements.

Reporting: Employers must report to the Division of Occupational Safety and Health Compliance any incident that results in a fatality or the hospitalization of 3 or more employees within 8 hours from when the incident is reported to the employer, the employer's agent, or another employee. Incidents resulting in the loss of an eye, an amputation, or the in-patient hospitalization of 1 or 2 employees must be reported to the Division of Occupational Safety and Health Compliance within 72 hours from when the incident is reported to the employer, the employer's agent, or another employee. Mechanical power press point-of-operation injuries must be reported to the Division of Occupational Safety and Health Compliance within 30 days of the occurrence. Employees have a right to report a safety and health concern or report a work-related injury or illness without being retaliated against.

Education and Training Services: The Division of Occupational Safety and Health Education and Training assists employers who are interested in preventing workplace injuries and illnesses by developing and improving their workplace safety management programs. All assistance, such as on-site audits, consultation, and training, is provided **cost-free** upon request.

Kentucky provides occupational safety and health protections under a plan approved in 1973 by the U.S. Department of Labor. Questions and concerns regarding Kentucky's program may be addressed to the Kentucky Labor Cabinet, Office of Federal-State Coordinator. The U.S. Department of Labor monitors Kentucky's program. Any person who has a complaint regarding the administration of the Kentucky program may contact the U.S. Department of Labor, OSHA, Atlanta Federal Center, 61 Forsyth Street SW, Atlanta, Georgia, 30303; (678) 237-0400.
